Providing USA Quality Made Tables Since 1953

130 Series

Product Details

Barricks 130 Series table is a versatile round table accommodating seating around entire table perimeter. The fully assembled, folding table is an excellent option for banquets, religious centers, and general discussion group areas. Customize your table by selecting either HPL or TFL laminate. For HPL, core options are $\frac{3}{4}$ " particleboard or $\frac{3}{4}$ " plywood; HPL top underside sealed with moisture resistant backer. TFL top has thermally fused laminate (TFL) on both sides- top and bottom. Both HPL and TFL tops finish with T-mold protective edging. The top is supported with a strong, rigid $2\frac{1}{4}$ " 18 gauge roll formed edge steel apron. The Wishbone style legs have a wide base for stability and are positioned within the steel apron. The legs are produced out of $1\frac{1}{4}$ " rd 16 gauge steel with supporting cross bar and each leg has two compression locks securing open position. Adjustable levelers ensure proper positioning and alignment on uneven floors. Barricks stocks 30 HPL and 16 TFL options to create your customized design
