

Barricks

MANUFACTURING COMPANY

Providing USA Quality Made Tables Since 1953

MLS

Product Details

The MLS Series is fully assembled, folding table designed for general use and as economical solution for conference table needs. Table has unobstructed movement around the table perimeter. Customize your table by selecting either HPL or TFL laminate. For HPL, core options are 3/4" particleboard or 3/4" plywood. HPL top underside sealed with moisture resistant backer. TFL top has thermally fused laminate (TFL) on both sides- top and bottom. Both HPL and TFL tops finish with T-mold or 3mm protective edging. The top is supported with a strong, rigid 2 1/4" 18 gauge roll formed edge steel apron. The unique pedestal leg design provides wide support base to distribute table weight evenly. Leg consists of 1 1/4" sq 18 gauge vertical supports welded to 1 1/4" sq 18 gauge base. Legs unfold within apron width and lock in place using Barricks patented Vanguard Locking System with Sure Catch. Adjustable levelers ensure proper height positioning and alignment on uneven floor.

Sizes Available

30x60

30x72 36x72

30x96 36x96
