Providing USA Quality Made Tables Since 1953

Utility Table and Utility Table with Shelf– Assembly Instructions

1. Lay table top upside down on a clean surface.
2. Place threaded insert inside leg and place into corner so that all the holes are aligned.
- UT w shelf– Place legs with support clips facing each other across narrow width of table.
- Square tables w/ Shelf– Assemble legs with clips facing opposite of wood grain, allowing shelf to have same pattern as top.
3. Place lock washer on hex bolt, followed by flat washer.
4. Tighten hex bolt into legs. Note: DO NOT OVERTIGHTEN BOLT.
5. Repeat procedure for each leg.
6. UT w Shelf– Set table in upright position and lay shelf on support clips. Insert four (4) screws from bottom into shelf.
