Providing USA Quality Made Tables Since 1953

## Sierra Table

### Product Details

Barricks Sierra series computer table provides secure wire management along with adjustable height. The lockable portion of the top lifts to allow wire, connection, equipment access. The top is 1 1/8" particleboard core with high pressure laminate top surface and moisture resistant bottom surface with a protective T-mold edge. The Sierra leg adjustment ranges 22"-32" in 1" increments, adjustment is done with an Allen key. Each same side leg pair consists of upper/ lower components. Upper component- 14 gauge steel top mounting plate, weld to each 1 1/4" 14 gauge steel legs, then connecting both is 1" 14 gauge cross bar for rigidity. Lower chrome leg insert component is 1" 14 gauge steel. Adjustment for each leg secured with two Allen screws. Adjustable levelers ensure proper positioning and alignment on uneven floors. Barricks stocks 30 HPL options to create your customized design.

### Sizes Available
